Creek Flood Mapping

DISCLAIMER

While every care is taken to ensure the accuracy of this product, the data and modelled results presented in these maps are based on the best available information and methodologies at the time of publication. However, due to the inherent uncertainties in flood modelling and data collection, Redland City Council does not guarantee the accuracy, completeness, or timeliness of the information provided. Flood extents shown are based aerial mapping data and other relevant information available at the time of production of maps. The maps are based on raw model outputs.

Users of this flood mapping document are advised to seek professional advice and conduct their own due diligence before making any decisions based on the information herein. Redland City Council assumes no responsibility for any loss, damage, or liability, whether direct, indirect, or consequential, arising from the use of, reliance on, or interpretation of the information contained in this document.

For the most current and accurate information, please consult with appropriate experts and refer to official sources and updated documentation.
