## 4 RECOGNITION OF ACHIEVEMENT

Mayor to present any recognition of achievement items.

## 5 RECEIPT AND CONFIRMATION OF MINUTES

General Meeting - 31 July 2019

## 6 MATTERS OUTSTANDING

### 6.1 OPPORTUNITY TO PARTICIPATE IN A JOINT LOCAL GOVERNMENT ACTIVITY – REGIONAL APPROACH TO WASTE AND RESOURCE MANAGEMENT

At the General Meeting 12 December 2018 (Item 19.8 refers), Council resolved as follows:

*That Council resolves as follows:*

1. *In accordance with section 228 2(b) of the Local Government Regulation 2012 to invite Expressions of Interest for the provision of waste disposal services, including the use of alternative waste disposal and recycling technologies, to service the needs of the Redland City Council (Council) Local Government Area, or as part of a regional arrangement, joint government entity or joint local government with other Councils in South East Queensland.*
2. *To record its reasons for making the resolution, as detailed in Clause 1 above, as follows:*
  - a) *A regional waste management solution may make alternative waste technologies feasible and economical where those technologies would not otherwise be viable options for Council due to the relatively small volume of waste disposed of by Council each year;*
  - b) *A regional waste management solution may enable Council to implement an advanced solution to waste disposal not seen before in Queensland or Australia and be at the forefront of advanced alternative waste technology in Australia;*
  - c) *Redland City Council and the SEQ-West region of councils are each involved in the management of recyclables and residual waste in their respective local government area;*
  - d) *Redland City Council recognises that some existing methods of waste treatment and disposal including landfill disposal may not be sustainable in the long term;*
  - e) *Redland City Council wishes to understand and compare all available options for long term treatment and/or disposal solution(s) for residual waste under their management;*

- f) *Redland City Council wishes to be positioned to benefit from and respond to developments in Queensland's new Waste Strategy and associated regulatory frameworks and local industry developments. Notably, the recently announced landfill levy (to be introduced in July 2019) may provide direct or indirect incentives for resource recovery projects; and*
  - g) *Redland City Council believes that it is in its interests and its community's interests to investigate a regional approach to waste treatment and disposal, consider alternative waste treatment technologies and solutions, including energy from waste solutions, and derive the benefits from greater waste volumes. Noting that this investigation opportunity does not preclude RCC from pursuing or participating in other market based waste collection and disposal service delivery options and/or maintaining an active engagement with BCC, to understand future waste disposal contract opportunities and costs that may be offered by BCC.*
3. *To delegate to the Chief Executive Officer under s.257 (1)(b) of the Local Government Act 2009, the authority to prepare and adopt a Tender Consideration Plan in accordance with section 230 of the Local Government Regulation 2012 outlining how Redland City Council can proceed to implement a local solution if required following the EOI process;*
  4. *To delegate to the Chief Executive Officer under s.257 (1)(b) of the Local Government Act 2009, the authority to execute any agreements between councils participating in the Expression of Interest process, as detailed in Clauses 1 and 3 above; and*
  5. *The Group Manager Water and Waste Infrastructure be requested to submit a report to a future meeting detailing the outcomes of the Expressions of Interest, as detailed in Clause 1 and 3 above.*

A report will be presented to Council at the end of the year.

## **6.2 SOUTHERN MORETON BAY ISLANDS (SMBI) PASSENGER FERRY TERMINAL UPGRADE**

At the General Meeting 19 June 2019 (Item 19.3 refers), Council resolved as follows:

*That Council resolves as follows:*

1. *To accept the Queensland State Government's (the State's) Southern Moreton Bay Islands passenger ferry terminal upgrade funding offer and future ownership proposal, made by letter dated 28 March 2019, by the State Minister for Transport and Main Roads to the Mayor of Redland City Council.*
2. *To request the Mayor and Chief Executive Officer to write to the State Minister for Transport and Main Roads and the Director General Department of Transport and Main Roads respectively, confirming Council's acceptance of the State's offer.*
3. *To bring back to Council for approval, a Deed of Agreement between the Department of Transport and Main Roads and Council, for the upgrade of the Southern Moreton Bay Islands passenger ferry terminals, which may include, but not be limited to, passenger ferry terminal upgrade funding arrangements, post upgrade ownership and tenure arrangements and post upgrade commercial and development opportunities.*
4. *That this report and attachments remain confidential until a Deed of Agreement for the upgrade of the Southern Moreton Bay Islands passenger ferry terminals between the State and Council has been executed, subject to maintaining the confidentiality of legally privileged, private and commercial in confidence information.*

A report will be brought to a future meeting of Council.

## **7 MAYORAL MINUTE**

In accordance with s.6.9 of POL-3127 Council Meeting Standing Orders, the Mayor may put to the meeting a written motion called a 'Mayoral Minute', on any matter. Such motion may be put to the meeting without being seconded, may be put at that stage in the meeting considered appropriate by the Mayor and once passed becomes a resolution of Council.

## **8 PUBLIC PARTICIPATION**

In accordance with s.6.10 of POL-3127 Council Meeting Standing Orders:

1. In each meeting (other than special meetings), a period of 15 minutes may be made available by resolution to permit members of the public to address the local government on matters of public interest relating to the local government. This period may be extended by resolution.
2. Priority will be given to members of the public who make written application to the CEO no later than 4.30pm two days before the meeting. A request may also be made to the chairperson, when invited to do so, at the commencement of the public participation period of the meeting.
3. The time allocated to each speaker shall be a maximum of five minutes. The chairperson, at his/her discretion, has authority to withdraw the approval to address Council before the time period has elapsed.
4. The chairperson will consider each application on its merits and may consider any relevant matter in his/her decision to allow or disallow a person to address the local government, e.g.
  - a) Whether the matter is of public interest;
  - b) The number of people who wish to address the meeting about the same subject
  - c) The number of times that a person, or anyone else, has addressed the local government previously about the matter;
  - d) The person's behaviour at that or a previous meeting' and
  - e) If the person has made a written application to address the meeting.
5. Any person invited to address the meeting must:
  - a) State their name and suburb, or organisation they represent and the subject they wish to speak about;
  - b) Stand (unless unable to do so);
  - c) Act and speak with decorum;
  - d) Be respectful and courteous; and
  - e) Make no comments directed at any individual Council employee, Councillor or member of the public, ensuring that all comments relate to Council as a whole.

## **9 PETITIONS AND PRESENTATIONS**

Councillors may present petitions or make presentations under this section.

## 10 MOTION TO ALTER THE ORDER OF BUSINESS

The order of business may be altered for a particular meeting where the Councillors at that meeting pass a motion to that effect. Any motion to alter the order of business may be moved without notice.

## 11 DECLARATION OF MATERIAL PERSONAL INTEREST OR CONFLICT OF INTEREST ON ANY ITEMS OF BUSINESS

Councillors are reminded of their responsibilities in relation to a councillor's material personal interest and conflict of interest at a meeting (for full details see Division 5A of the *Local Government Act 2009*).

In summary:

### **If a councillor has a material personal interest, in a matter before the meeting:**

Under s.175C *Local Government Act 2009*, the councillor must inform the meeting of the councillor's material personal interest in the matter, including the following particulars:

- *The name of the person or other entity who stands to gain benefit or suffer a loss from the outcome of the consideration of the matter at the meeting;*
- *How the person or other entity stands to gain the benefit or suffer the loss;*
- *If the person or other entity who stands to gain the benefit or suffer the loss is not the councillor, the nature of the councillor's relationship to the person or entity.*

***If the councillor has a material personal interest they must leave the meeting, including any area set aside for the public while the matter is discussed and voted on, unless the councillor has approval from the Minister to be present while the matter is discussed and voted on pursuant to section 175F.***

### **Record of material personal interest**

Under s.175J of the *Local Government Act 2009*, if a councillor has a material personal interest under section 175C of the *Local Government Act 2009*, the following information must **be recorded in the minutes of the meeting, and published on the local government's website**—

- (a) *the name of the councillor who has the material personal interest in the matter;*
- (b) *the material personal interest including the particulars mentioned in section 175C(2)(a) as described by the councillor;*
- (c) *whether the councillor participated in the meeting, or was present during the meeting, under an approval given by the Minister under section 175F.*

### **If a councillor has a conflict of interest (a real conflict of interest), or could reasonably be taken to have a conflict of interest (a perceived conflict of interest) in a matter before the meeting:**

The councillor must, under s.175E of the *Local Government Act 2009*, inform the meeting about the councillor's personal interests in the matter, including the following particulars:

- *The nature of the interest;*
- *If the personal interest arises because of the councillor's relationship with, receipt of a gift from, another person-*
  - *The name of the other person;*
  - *The nature of the relationship or the value and date of the receipt of gift; and*

- *The nature of the other person's interest in the matter.*

***If the other councillors in the meeting are informed about a councillor's personal interests in a matter and the councillor has not voluntarily left the meeting while the matter is discussed and voted on, the other councillors must decide:***

- *Whether there is a real or perceived conflict; and*
- *If the councillors decide that there is a real or perceived conflict, whether the councillor-*
  - *Must leave the meeting including any area set aside for the public, while the matter is voted on and discussed; or*
  - *May participate in the meeting in relation to the matter, including voting on the matter.*

### **Record of conflict of interest**

Under s.175J of the *Local Government Act 2009*, if a councillor has a conflict of interest under section 175E, ***the following information must be recorded in the minutes of the meeting, and published on the local government's website—***

*(a) the name of the councillor who has a real conflict of interest or perceived conflict of interest in the matter;*

*(b) the councillor's personal interests in the matter, including the particulars mentioned in section 175E(2) as described by the councillor;*

*(c) the decisions made by the other councillors in relation to the existence and nature of the conflict and whether the councillor was permitted to participate in the meeting in relation to the matter, and the reasons for the decisions;*

*(d) whether the councillor participated in the meeting, or was present during the meeting, under an approval under section 175F;*

*(e) if the councillor voted on the matter—how the councillor voted on the matter;*

*(f) how the majority of councillors who were entitled to vote at the meeting voted on the matter.*

### **Duty to report another councillor's material personal interest or conflict of interest**

Section 175G of the *Local Government Act 2009* imposes an obligation on councillors to report undisclosed material personal interests and conflicts of interest at a meeting relating to other councillors.

***If a councillor at a meeting reasonably believes, or reasonably suspects:***

- *That another councillor at a meeting has a material personal interest or a real or perceived conflict in a matter; and*
- *The other councillor has not informed the meeting about the interest under section 175C(2) or 175E(2);*

*The councillor who has the belief or suspicion, must as soon as practicable, inform the person who is presiding at the meeting about the facts and circumstances that form the basis of the belief or suspicion.*

*Note: Section 175H makes it an offence for a person to prejudice, intimidate or harass a councillor or another person take action that is likely to be detrimental to a councillor because a councillor has complied with their disclosure obligation under s.175G*

## 14 REPORTS FROM COMMUNITY & CUSTOMER SERVICES

### 14.1 DECISIONS MADE UNDER DELEGATED AUTHORITY FOR CATEGORY 1, 2 AND 3 DEVELOPMENT APPLICATIONS

**Objective Reference:**

**Authorising Officer:** Louise Rusan, General Manager Community & Customer Services

**Responsible Officer:** David Jeanes, Group Manager City Planning & Assessment

**Report Author:** Jill Driscoll, Group Support Officer

**Attachments:** 1. Decisions made under delegated authority 07.07.2019 to 20.07.2019 [↓](#)

#### PURPOSE

The purpose of this report is for Council to note that the decisions listed below were made under delegated authority for Category 1, 2 and 3 development applications only.

This information is provided for public interest.

#### BACKGROUND

At the General Meeting of 21 June 2017, Council resolved that development assessments be classified into the following four categories:

Category 1 – minor code and referral agency assessments;

Category 2 – moderately complex code and impact assessments;

Category 3 – complex code and impact assessments; and

Category 4 – major assessments (not included in this report)

The applications detailed in this report have been assessed under:-

**Category 1** - Minor code assessable applications, concurrence agency referral, minor operational works and minor compliance works; minor change requests and extension to currency period where the original application was Category 1 procedural delegations for limited and standard planning certificates.

Delegation Level: Chief Executive Officer, General Manager, Group Managers, Service Managers, Team Leaders and Principal Planners as identified in the officer's instrument of delegation.

**Category 2** - In addition to Category 1, moderately complex code assessable applications, including operational works and compliance works and impact assessable applications without objecting submissions; other change requests and variation requests where the original application was Category 1, 2, 3 or 4\*. Procedural delegations including approval of works on and off maintenance, release of bonds and full planning certificates.

*\*Provided the requests do not affect the reason(s) for the call in by the Councillor (or that there is agreement from the Councillor that it can be dealt with under delegation).*

Delegation Level: Chief Executive Officer, General Manager, Group Managers and Service Managers as identified in the officer's instrument of delegation.

**Category 3** - In addition to Category 1 and 2, applications for code or impact assessment with a higher level of complexity. They may have minor level aspects outside a stated policy position that are subject to discretionary provisions of the planning scheme. Impact applications may involve

submissions objecting to the proposal readily addressable by reasonable and relevant conditions. Assessing superseded planning scheme requests and approving a plan of subdivision.

Delegation Level: Chief Executive Officer, General Manager and Group Managers as identified in the officer's instrument of delegation.

**OFFICER'S RECOMMENDATION**

**That Council resolves to note this report.**

## 15 REPORTS FROM INFRASTRUCTURE & OPERATIONS

### 15.1 SOLE SUPPLIERS

#### Objective Reference:

**Authorising Officer:** Peter Best, General Manager Infrastructure & Operations

**Responsible Officer:** Kevin McGuire, Group Manager Water & Waste Operations

**Report Author:** Anne Jones, Group Support Officer

**Attachments:** 1. [Sole Suppliers Infrastructure & Operations](#) ↓

#### PURPOSE

The purpose of this report is to seek resolution from Redland City Council (Council) to enter into contractual arrangements with various suppliers (suppliers) for a period of 12 months from 23 August 2019, without inviting written quotes or tenders, pursuant to section 235 of the *Local Government Regulation 2012* (LGR2012). Current Council approval of sole supplier arrangements provided in FY18/19, concludes on 22 August 2019.

Section 235 of the LGR2012 provides a number of exceptions to inviting written quotes or tenders in relation to medium-sized (\$15,000 or more but less than \$200,000 in a financial year) and large-sized (\$200,000 or more in a financial year) contractual arrangements. Many of the goods and services that may be procured from sole source suppliers during the authorised period, will cost less than these threshold limits.

The relevant exceptions in section 235 are where Council resolves that:

- It is satisfied that there is only one supplier who is reasonably available (s235(a))
- Because of the specialised nature of the supplies and services that are sought, it would be impractical or disadvantageous for Council to invite quotes or tenders (s235(b)).

#### BACKGROUND

Council's Infrastructure & Operations (I&O) Department uses specialised equipment and materials manufactured, supplied and installed by the suppliers, that can only be reasonably supplied, serviced and maintained by a sole supplier.

The Water & Waste Operations (WWO) Group may require goods and services from suppliers to meet operational requirements and regulatory compliance, or the specialised nature of maintenance works to be performed at Council's various Wastewater Treatment Plants (WWTP) and sewerage pumping stations.

Further, the proprietary nature of specialised equipment means that servicing and maintenance can only be provided by the supplier, or parts can only be supplied by the supplier. Further, these goods and services are not reasonably available from other suppliers, either because there is only one supplier, or because the supply from alternative suppliers will not result in a value for money procurement.

In particular:

- Council's Water & Waste Infrastructure and Water & Waste Operations groups uses various equipment that requires ongoing servicing, maintenance, renewal and repair;

- the use of non-original or non-proprietary products often results in reduced reliability or failure, and consequential cost implications;
- the cost benefit of using the suppliers to supply the goods and services;
- the consequences of failure are an unacceptable risk to Council, including the unavailability of Council's water and wastewater infrastructure, environmental impact, environmental protection obligations and safety;
- the increased costs, reduced reliability and risk of failure associated with servicing and maintenance carried out by suppliers not familiar with the original or proprietary equipment or products, or from the use of non-original or non-proprietary parts during servicing and maintenance;
- Council's requirements in having repairs carried out reliably and without delay; and
- The impact on the Redlands community, in the event of interruption to Council's water and wastewater operations and services.

Wastewater Assets Engineering Unit purchase specific pumps to meet specific applications and specifications, and performance criteria at waste water pumping and processing assets across Redland City. These pumps also have to fit to existing infrastructure constraints, minimising the need for alternative pump types being purchased.

Similarly, Wastewater Network purchases a small number of specialised parts that have to fit existing infrastructure.

Council's Roads Drainage & Marine Unit (RDM) uses a small number of specialised products that are not available from other suppliers due to patents and licensing arrangements. Alternative products that purport to fulfil a similar function have been either trialled or investigated and found to be inferior.

Facilities Services Unit (FSU) uses a small number of specialised products for partitions and building management systems, available from sole suppliers.

## ISSUES

### Sound contracting principles

These sole supplier arrangements have been developed in accordance with the Sound Contracting Principles set out in section 104(3) of the *Local Government Act 2009*. Particular focus was given to the principles of value for money and environmental protection noting that there is only one supplier who is reasonably available (and credentialed) for each of the goods and services required and in some cases, there are no comparable products available from other suppliers.

It should also be noted that notwithstanding the resolution, if made, and the establishment of this arrangement, consideration will be given to the sound contracting principles throughout the period of the arrangement and on each occasion that goods or services are procured. In particular:

- Infrastructure & Operations will monitor the performance of the suppliers, and the value for money achieved from the suppliers, throughout the period of the arrangement; and
- Where practical (principally dependent on urgency of need of the supply or service), a written quote will be sought from a supplier before goods or services are procured.

## STRATEGIC IMPLICATIONS

### Legislative Requirements

In accordance with sections 235(a) and (b) of LGR2012, a local government may enter into a medium-sized contractual arrangement or large-sized contractual arrangement without first inviting written quotes or tenders if:

- a) the local government resolves it is satisfied that there is only one supplier who is reasonably available; or
- b) the local government resolves that, because of the specialised or confidential nature of the services that are sought, it would be impractical or disadvantageous for the local government to invite written quotes or tenders.

Legal Services was consulted and have advised that references to legislation and the practices proposed in this report are correct.

### Risk Management

The resolution, if made, and the establishment of these arrangements, will assist in the management of the following identified risks:

- reduced reliability or failure, and the resulting cost implications resulting from the use of non-original or non-proprietary products;
- consequences of failure, including the unavailability of council's water and waste infrastructure, environmental impact, environmental protection obligations and safety;
- increased costs - reduced reliability and risk of failure associated with servicing and maintenance carried out by suppliers not familiar with the original or proprietary equipment or products, or from the use of non-original or non-proprietary parts during servicing and maintenance;
- Council's requirements in having repairs carried out reliably and without delay, and the unacceptable risk of the unavailability of Council's water and waste infrastructure, environmental impact, environmental protection obligations and safety; and
- impact on the Redland's community in the event of any interruption to Council's water and waste operations.

### Financial

There are no financial implications.

### People

There are no people implications.

### Environmental

Environmental issues and potential impacts have been considered, including Council's obligations to meet Queensland Environmental Protection Agency (EPA) and relevant licence requirements, general environmental considerations and staff and public safety. As noted above, various suppliers have been identified to assist with meeting Council's obligations, including the selection of suppliers to:

- meet Queensland EPA and WWTP licence requirements;
- ensure reliability of equipment, maintenance, servicing, parts and products;
- ensure the supply of equipment, chemicals and consumables to monitor and control odour; and
- ensure repairs are carried out reliably and without delay to avoid the unavailability of Council's water and waste infrastructure, environmental impact and breaches of safety obligations.

### Social

There are no social implications.

### Alignment with Council's Policy and Plans

This report is consistent with Council's procurement policy and legislative requirements.

**SOLE SUPPLIERS - INFRASTRUCTURE & OPERATIONS**

---

In accordance with Section 235(a) and (b) of the *Local Government Regulation 2012*, Redland City Council is satisfied that the suppliers numbered 1 to 51 are the only suppliers reasonably available to supply the goods or services required by Council:

**1. Air Met Scientific Pty Ltd – ABN 73 006 849 949**

Provides maintenance and renewal of Council's existing gas detection equipment and parts. The existing equipment was manufactured and supplied by the supplier and the maintenance and renewal is carried out by the supplier using the supplier's proprietary equipment and parts.

**2. Allidos Oceania Pty Ltd – ABN 53 106 582 665**

Supply and maintenance of existing dosing pumps and equipment renewal. The existing equipment was manufactured and supplied by the supplier and the maintenance and renewal is carried out by the supplier using the supplier's proprietary equipment and parts.

**3. Biolab Australia Pty Ltd – ABN 17 005 878 017**

Services for online analysers of ammonia and nitrate as well as chemical cassettes for odour detection. It provides unique chemicals to support all their instrumentation equipment. Biolab is the only supplier of these chemical cassettes and is the supplier of the compatible components required for the cassettes to work.

**4. Bioremedy Pty Ltd - ABN 49 027 112 101**

Supplies calcium nitrate chemical for odour control. Only some chemicals work in certain of Council's catchments to reduce odour in particular circumstances and this is the only supplier of this chemical.

**5. Burkitt Pty Ltd – ABN 98 087 732 116**

Provides maintenance and renewal of existing (liquid) process control valves. The existing equipment was manufactured and supplied by the supplier and the maintenance and renewal is carried out by the supplier using the supplier's proprietary equipment and parts.

**6. Cleantec International – ABN 43 105 668 951**

Provides maintenance and renewal of existing odour control chemicals and equipment at sewer pumping stations and wastewater treatment plants (WWTPs). The existing equipment was manufactured and supplied by this supplier, and the maintenance and renewal is carried out by the supplier using trained tradespeople and proprietary equipment and parts.

**7. Danfoss Australia P/L – ABN 93 004 385 997**

Provides maintenance and renewal of existing variable speed drives. The existing equipment was manufactured and supplied by the supplier and the maintenance and renewal is carried out by the supplier using the supplier's proprietary equipment and parts.

**8. DHI Water & Environment Pty Ltd – ABN 69 086 137 911**

Australian supplier of hydraulic software modules used by Council for network analysis of water supply and wastewater network systems and flood watch software. Modification of the software can only be undertaken by the supplier because of the software licence and licence renewal, upgrades and support must be provided by the supplier. This software is required to undertake water supply and wastewater network analysis.

**9. Ecotox Services Australasia Pty Ltd – ABN 45 094 714 904**

The only laboratory in Australia that can provide the services (sample analysis in relation to toxicity) needed to meet Environmental Protection Agency (EPA) and WWTP licence requirements.

**10. Flottweg Australia – ABN 89 147 749 095**

---

**SOLE SUPPLIERS - INFRASTRUCTURE & OPERATIONS**

---

Parts and maintenance for the Capalaba WWTP centrifuge. The existing equipment was manufactured and supplied by the supplier and the maintenance and renewal is carried out by the supplier using the supplier's proprietary equipment and parts.

**11. Grundfos Pumps Pty Ltd – ABN 90 007 920 765**

Supplies and maintains existing dosing pumps and equipment renewal. The existing equipment was manufactured and supplied by the supplier and the maintenance and renewal is carried out by the supplier using the supplier's proprietary equipment and parts.

**12. Hach Pacific Pty Ltd – ABN 45 114 408 838**

Provides maintenance and replacements for water network pressure loggers. The existing equipment was manufactured and supplied by the supplier and the maintenance and renewal is carried out by the supplier using the supplier's proprietary equipment and parts.

**13. HMA Group – ABN 48 010 489 086**

Provides maintenance and renewal of existing valves and non-return valves. The existing equipment was manufactured and supplied by the supplier and the maintenance and renewal is carried out by the supplier using the supplier's proprietary equipment and parts.

**14. Xylem Water Solutions Australia Ltd – ABN 28 000 832 922**

Custom-made manufacturing of pumps, mixers and other mechanical equipment for sewer pumping stations and WWTPs. This company provides a range of standard and custom-made pumps and other equipment for the treatment of wastewater within Redland City. Pumps are manufactured to meet Council's performance requirements and to fit well sizes as necessary for the location. The company is required to undertake OEM parts supply, maintenance, servicing and renewals as required using qualified tradespeople and the supplier's proprietary parts and equipment.

**15. KSB Australia – ABN 29 006 414 642**

Manufactures submersible pumps for wet wells. KSB has custom built pumps to fit dry wells at Council's pump stations and WWTPs. The company is required to manufacture custom-made pump parts for critical spares and the maintenance and renewal is carried out by the supplier using the supplier's proprietary equipment and parts.

**16. Magytec International Pty Ltd – ABN 96 003 490 006**

The only agent for the manufacturer of Council's specialist belt filter press equipment and the only supplier that can supply the proprietary parts and has the expertise to perform the service and maintenance on the equipment.

**17. Mann's Logan Crane Hire – ABN 95 879 142 306**

The only local supplier with the proven ability to respond in planned and emergent timeframes, and is also the only local supplier of Franna (light mobile cranes). When Council requires these services, they are often required urgently to avoid environmental impact and comply with environmental and licence obligations, e.g. from overflow. The cost and time implications of engaging a non-local supplier will not satisfy Council's requirements.

It is also noted that Council has established an approved contractor list under section 231 of the *Local Government Regulation 2012*, however there are no local suppliers on the list that supply Franna plant.

**18. MEP Instruments – ABN 93 081 861 645**

Australian agent for Metrohm pH meters used in Council's laboratory and WWTPs. The existing equipment was manufactured and supplied by the supplier and the maintenance and renewal is carried out by the supplier using the supplier's proprietary equipment, parts and consumables.

---

**SOLE SUPPLIERS - INFRASTRUCTURE & OPERATIONS**

---

**19. Merck Pty Ltd – ABN 80 001 239 818**

Manufacturer of laboratory deioniser. Sole supplier of parts, consumables and servicing. The existing equipment was manufactured and supplied by the supplier and the maintenance and renewal is carried out by the supplier using the supplier's proprietary equipment, parts and consumables.

**20. Mono Pumps Australia – ABN 77 004 449 478**

Manufactured and supplied Council's sludge handling pumps, dosing pumps and critical spares for pumps already custom fitted in Council's reticulation systems. The maintenance and renewal is carried out by the supplier using the supplier's proprietary equipment and parts.

**21. Multitrode Pty Ltd – ABN 43 010 679 419**

Manufactures critical backup system components required for pump stations and reservoir level sensors. Critical spares and sensors are needed to contain appropriate water levels at the pump stations. **45. Ixom – ABN 51 600 546 512**

Supplies chlorine gas for disinfection of effluent at RCC's WWTPs. Ixom is the only supplier of this chemical.

**46. Tripstop Pty Ltd – ABN 45 099 500 384**

Provides a concrete joint product called "Tristop" which is unique in the market and creates a hinge at concrete joints allowing the adjoining concrete slabs to rotate without displacing vertically across the joint. This function is particularly useful on concrete footpaths where tree root uplift is a problem. There are many other construction jointing products available on the market but none that allows the joint to remain functional while being lifted by tree roots (sometimes in excess of 50mm). Tristop has been successfully used by RCC since 2007 and is only available from Tripstop Pty Ltd.

**47. The Britstop – ABN 16 044 541 688**

Provides "Viafix", a bagged asphaltic material for use in pothole repairs. RCC has used many cold asphaltic products for pothole repairs over the years with varying degrees of success. With the exception of Viafix, all have demonstrated average to poor durability, resulting in rework and complaints from the public. Viafix is more expensive than other products used, in some cases, substantially more expensive but the whole-of-life benefits provided by longevity of repair and lack of rework more than compensate for the additional initial cost of the product. Since first using Viafix in 2012, pothole repair failures have been limited to extreme circumstances such as ongoing road pavement failure

adjacent to the pothole. Viafix is an imported product and is only available through Britstop.

**48. Leading Edge – ABN 39 058 251 906**

Maintains the Building Management System (BMS) mechanical services controls (air conditioning systems software). Leading Edge Automation (LEA) are part of Alerton Australia, LEA are the sole authorised dealer of the Alerton range of products in Queensland. The RCC Heating Ventilation and Air Conditioning systems (HVAC) are operated by a series of field devices (controllers located throughout our plant rooms) which are in turn controlled by Alerton software network. Due to the proprietary nature of the Alerton system, it would be cost prohibitive, operationally onerous with limited vendors in this specialist field.

**49. UCI – ABN 37 604 540 700**

Provides the latest type of screen partitions that we use in our office fit outs. UCI manufactures the screens in South Australia and holds the patent. It would be cost deficient to purchase these through another company. In saying that, this year, FSU will be meeting with other screen partition suppliers to see what innovations have been introduced over the last several years so we may move away from UCI depending on what benefits there are to Council.

**50. Dynapumps – Dynamic Pump Solutions – ABN 49 102 833 956**

Manufactures submersible pumps for RCC infrastructure. Dynapumps has custom built pumps to fit Council's pump stations and WWTPs. The company is required to manufacture custom-made pump parts for critical spares and the maintenance and renewal is carried out by the supplier using the supplier's proprietary equipment and parts.

**51. Odour Technologies – ABN 49 162 877 377**

Manufactures "VS-4 Smartvalve" Air Release Valves, an efficient and low-maintenance air valve which will be installed throughout RCC's sewer network to standardise the air valve fleet. This company manufactures these valved, and RCC is unable to purchase this equipment via any other means.
